Send Money Online Using Xoom

Sending money worldwide with Xoom is easy. With the Xoom.com money transfer service you can send money worldwide from any Internet-enabled computer to friends and family in more than 29 countries. You can have funds withdrawn directly from your U.S. bank account to fund the money transfer, or pay using major credit cards. Recipients will be able to pick up the money in cash, have the money directly deposited into their bank account, or delivered to their door. Options vary by country.

How to Send Money Internationally with Xoom

Your recipient can receive cash in local currency or US dollars or in many countries can have the money deposited to their bank account or have it delivered to their home. Xoom.com has relationships with banks and money transfer payout partners to provide a secure and fast means of sending customer's money. With these bank and money transfer payout partners, Xoom.com customers can send money to thousands of cash pickup locations around the world.
