The Master Account Plan (MAP) is a convenient way to budget your individual insurance payments to Voya ReliaStar. Instead of making separate payments for premiums and policy loan interest on each of your Voya ReliaStar policies, MAP allows you to consolidate all of them into one regularly scheduled payment.

MAP operates in the following way: As annual premiums and loan interest come due on the policies, they are paid by your account as if they were actually paid by you. As owner of the account, you make regular payments, part of which are used to reduce this amount paid out and another part which is allocated as an interest charge on the unpaid amount. This interest is charged at the rate of 5½% and for the year 2019 was \$ 3.65. (This interest has already been paid by you as a part of your scheduled payments.)

In addition, part of each of your payments is used to cover a 25 cent monthly charge for administration of your account. Your total service charge for 2019 was \$ 3.00 . (This service charge has also been paid by you as a part of your scheduled payments.)

The minimum payment necessary to keep your account functioning is determined by the total of all premiums, policy loan interest, interest charges and service charges. Any payments you have made in excess of the minimum have accumulated as a surplus in your account which, unless withdrawn by you, will reduce future interest charges to your account. These reduced interest charges effectively result in an interest savings to you which accrues as additional surplus in your account. If at any time, accumulated surplus exceeds the unpaid amount in your account, interest is credited at the rate of 4½% on the excess. Interest credited to your account in 2019 was \$ 0.01.

The total policy loan interest paid by your account in 2019 was \$ 0.00 .
