RE: Purple Crab, et al

Rod,

The crabs have a neat "paint job" – looks a lot like some of my custom painting ideas!! Are they good eating?? Maybe a small shack next to the main road called "The Purple Crab Shack"..... It could work!

Sorry to be late with the address. I still use the ex-house address as my main mailing location. I had decided that I still have a lot of stuff in the garage, plus, I didn't want to change my address on all my documents until I found a more permanent place to live!

Hope all is well with you and Jovie

Jim,

Yahoo had an article today about a purple crab found in Philippines. As it turns out, this crab infests our reef at Flordeliz.....

Also, I still need your home address so I can form Far East Controls.....
