

Invoice #15006001

December 5, 2015

Far East Controls LLC has completed 5 days of on-site work for the National Center for Research in Earthquake Engineering in Taipei, Taiwan during the period of November 23, 2015 to November 27, 2015.

This work was done to assist the NCREE staff to perform service analysis tests on the shaking table system per the FarEast Controls document named **NCREE Shaking Table Tests for Service Analysis.docx**. These tests were performed successfully and provided information to NCREE concerning the future service requirements required for reliable system operation. A written test report has been supplied as direct confirmation of the test results.

The labor charge for this work is **\$ 3,400 USD** for the 5 day period. Because of the short notice of when the work could be accomplished, it was impossible to limit the days in Taipei to the normal 5 work days and 2 travel days from November 22 through November 28. This was required by both airline flight and hotel availability on short notice. Therefore, the actual time totaled 9 days from November 21 through November 29. The per diem charges are then an additional **\$ 675 USD** at the quoted \$ 75 USD per day. The total labor and per diem charges are then:

1. Labor Charge	\$ 3,400.00
2. Per Diem Charge x 7	<u>\$ 675.00</u>
Total	\$ 4,075.00

Total Invoice

\$ 4,075.00 USD

Invoice #15006001

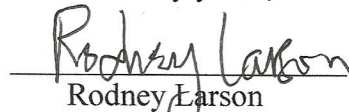

December 5, 2015

Please remit payment to the Far East Controls LLC bank in the Philippines. The bank details are :

Name on Account: **Rodney Larson**
