I: Ricevuta biglietto elettronico - RODNEY LARSON Data viaggio: lunedì 11 giugno 2012

Thursday, June 7, 2012 2:36 AM

From: "Filippo Dacarro" <filippo.dacarro@eucentre.it>

To: "'Rod Larson'" <rodlarson100@yahoo.com>

Here we go, you will find some very small changes on the flight schedule (you will arrive 2 hours late in Milan and you will depart 2 hours late from Milan), this allows us to save about 150\$.

As I told you, there is a strong possibility that we have to work in evening time, so this is the tentative schedule:

Tuesday	from	19:30	to	24:00
Wednesday		18:00		24:00
Thursday		18:00		24:00
Friday		9:00		17:00
Saturday		Will see		

I did contact some of the LVDT sellers but for these kind of device (long stroke) the shipping time is foreseen in 4 weeks so, what you want me to do: i) Have I to order anyway two LVDT, we will prepare everything on the s/w using the data sheet and I will install those by myself; ii) Have I to wait the results of your work (maybe we will be successful using the SSI temposonics).

Remember that I'm very interested in the Tuning document for Dynamic Controllers in DTS\BTS which you started to written some time ago.

Filippo
